Our Commitment to Emergency Care

Upon arrival, each patient's history is reviewed by a doctor prior to performing a detailed examination. Each ER doctor can immediately collaborate with any of the other specialists in order to provide the best care possible within the financial means of the client.

Each client is treated with kindness, sensitivity and empathy. We understand that this can be an anxious time for clients and we aim to make each visit comfortable and efficient.

IndyVet is an American Animal Hospital Association accredited hospital. The AAHA is the only organization that inspects and accredits veterinary practices in North America.

Emergency & Specialty Hospital
Where care comes first.

We're Here for You 24/7
